

## **Newsletter December 2021 News & Action Alert**

### **What to do next to win Green New Deals?**

**Dear Green New Deal leader,**

Now that COP 26 and budget brawls are over, what's next to win a just transition to clean energy, green jobs and a low-carbon, high care economy? Do we....

Increase the pressure on Congress to end the filibuster, declare a climate emergency, and pass stronger climate protection bills?

Pivot to the press the President and the executive branch to declare an emergency and crank out fossil fuel free regulations?

Put the heat on fossil fuel corporations, banks, insurers and private equity firms to protect the public and shareholders by switching to sustainable energy solutions?

Please join us for our next Coalition meeting, Tues. Dec. 21<sup>st</sup> at noon to propose and select our 2022 action. [Click here](#) for details and Zoom link. (website)

Read on, take some actions now, and join us to expand to win more soon. TBD

- 1. Write & call our U.S. Reps, Senators Murray and Cantwell: Keep fighting for our Green New Deal. ([Link to website](#))**
- 2. Send a message to our President Biden:**

**Thank you** for reading, acting and persisting in our movements for a green new deal, climate justice and beyond...please keep speaking out. Please forward this to your other groups and friends.
